November 14, 1942

Dear Falke,

I guess it is best to write to you as soon as I can because we have just had a quite an interesting and exciting experience. I don't believe I am allowed to write about it, so I won't. I'll tell you all about it someday and I am hoping that day is soon.

Anyway, I am in the best of health and hope everyone back there is. I will try and write again soon. Don't write to me until I let you know where to write.

Don't worry about me because I am o.k. Say hello to my friends for me will you? Love,

Donald Val Letch, Rm 3/C.
